Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the examiner has considered applicants' amendment filed March 6, 2006 and the arguments therein. The amendments were sufficient to overcome the rejections under 35 U.S.C. 112, second paragraph, and 35 U.S.C. 102. Applicants' arguments with regard to the rejection under 35 U.S.C. 103(a) were found persuasive. The examiner concedes that the closest prior art *of record* fails to teach or fairly suggest a Friedel-Crafts reaction wherein an aromatic compound is reacted with *an ester*, in the presence of a *heteropolyacid*, as claimed herein. The instant claims are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The following sentence has been added to the first page of the specification directly below the heading, "Cross-Reference to Related Applications":

This application is a 371 of PCT/JP03/06078 filed May 15, 2003 and published as WO 03/101925 on December 11, 2003.
